# National Seminar on Transforming the Quality of Education and Health through Artificial Intelligence

**Date: 26 - 27 July 2026**

## About National Seminar :

Artificial Intelligence (AI) is transforming the quality of education and healthcare, contributing significantly to the achievement of the Sustainable Development Goals (SDGs) by enabling personalized learning, adaptive assessment, and intelligent tutoring systems that enhance student outcomes across diverse educational contexts. In education, AI supports teachers through lesson planning, performance monitoring, and student assessment while promoting inclusive learning for students with disabilities and learners in rural communities. In healthcare, AI-driven solutions such as predictive analytics, mental health chatbots, intelligent diagnostic systems, and telemedicine improve accessibility, facilitate early detection, and support timely intervention. However, the responsible use of AI, ethical governance, data privacy, transparency, and equitable access remain essential to ensure that its benefits reach all learners and patients while reducing digital inequalities and promoting human-centred sustainable development.

## About us College:

Nazirul Hasan Teachers Training College (NHTTC), Khagaria, Bihar, is a coeducational institution managed by the Darassalam Foundation. Established in 2012, it is approved by the NCTE and affiliated with MaulanaMazharulHaque Arabic and Persian University, Patna, offering B.Ed. and D.El.Ed. programmes for aspiring educators.

## About Educational Development Council:

The Educational Development Council (EDC), Patna, Bihar, India, is an educational organization registered with the Government of Bihar. It was established by a group of educationists with the objective of promoting quality education and strengthening the professional development of teachers through training programmes, workshops, seminars, and symposia. The EDC is dedicated to encouraging teachers and academicians to contribute to social development and the effective implementation of the Right to Education Act in schools. The Council is also committed to promoting cultural education, skill development, and job-oriented education to meet the evolving needs of society.

## Vision of the Seminar:

To envision a future where Artificial Intelligence becomes a transformative force for equitable, inclusive, and high-quality education and mental health care, advancing the Sustainable Development Goals (SDGs) through ethical, human-centered and responsible innovation. The conference aims to foster a global dialogue that integrates AI-driven technologies with pedagogy, mental health support, and policy frameworks to ensure that no learner or patient is left behind, regardless of geography, ability, or socio-economic background.

## Objectives of the National Seminar :

1. To explore the transformative role of Artificial Intelligence in improving the quality of education and healthcare.

2. To examine AI-driven innovations in teaching, learning, assessment, and educational management.
3. To promote the use of AI for equitable, inclusive, and accessible education and healthcare services.
4. To highlight the applications of AI in mental health, disease prevention, early diagnosis, and patient care.
5. To encourage ethical, responsible, and human-centred adoption of AI through appropriate policies and governance.
6. To discuss emerging challenges, opportunities and future directions of Artificial Intelligence.

## Main Theme:

### Transforming the Quality of Education and Health through Artificial Intelligence

#### Sub theme :

1. AI-Driven Innovations in the Quality of Education.
2. AI and the Evolving Role of Teachers.
3. AI in Assessment and Academic Performance.
4. Inclusive Education, Equity, and the Use of AI.
5. AI for Good Health and Well-being.
6. AI, Creativity, Critical Thinking, and Human Development
7. Future Challenges, Policy Development & Sustainable Development
8. Digital Literacy for Inclusive AI Adoption
9. AI and the Development of Critical Thinking Skills
10. Policy Development for Ethical Use of AI.
11. Impact of AI in Education & Health.
12. Use of AI in Research and Training.

#### Important Dates :

Last date of Submission of Abstract	: 15 July 2026
Confirmation of Selection of Paper	: 17 July 2026
Last date of Submission of Full Paper	: 23 July 2026

#### Registration:

- Faculty Members & Research Scholars : ₹ 500/-
- Students : ₹ 400/-
